

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re the Application of

Tokuro OZAWA et al. Group Art Unit: 2673

Application No.: 10/002,121 Examiner: T. SHENG

Filed: December 5, 2001 Docket No.: 111017

For: ELECTRO-OPTICAL DEVICE, GRAY SCALE DISPLAY METHOD, AND

ELECTRONIC APPARATUS

RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

In reply to the June 1, 2005 Election of Species Requirement, Applicants provisionally elect Species I, Figures 1-7, with traverse. At least claims 1-4, 6, 10 and 11 are directed to Species I, and as acknowledged by the Patent Office, at least claims 1 and 2 are generic.

It is respectfully submitted that the subject matter of all species is sufficiently related that a thorough search for the subject matter of any one species would encompass a search for the subject matter of the remaining species. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP §803 in which it is stated that "if the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions" (emphasis added). It is respectfully submitted that this policy should apply in the present application in order to avoid

unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Thus, withdrawal of the Election of Species Requirement is respectfully requested.

Respectfully submitted,

James A. Oliff
